DETAILED ACTION

Papers Received

Receipt is acknowledged of the applicant's response, received on 30 September 2004.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

The rejection of Claims 1-10, 12, and 13 under 35 U.S.C. 103(a) as being unpatentable over Gidlund is maintained.

Response to Arguments

The applicant's arguments, received on 30 September 2004, have been considered, but are not found to be persuasive.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Amendments to 35 U.S.C. § 102(e), most recently by the Intellectual Property and High Technology Technical Amendments Act of 2002 (H.R. 2215), allow for U.S. patents to be applied as prior art as of the actual filing date under 35 U.S.C. § 111(a) or any filing date claimed

Art Unit: 1615

under 35 U.S.C. §§ 119(e) or 120, which includes filing dates for provisional application from which a patent claims priority. In this case, the Gidlund patent claims priority to provisional application No. 60/186,356, which was filed on 02 March 2000, and it is from this date that the Gidlund reference can be properly applied under 35 U.S.C. § 102(e), and therefore, 35 U.S.C. § 103(a) as well. The rejection will therefore be maintained.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
